DETAILED ACTION

This application is in condition for allowance except for the formal matters set forth below.

The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02. The oath or declaration is defective because the oath is not in agreement with the first paragraph of the specification. The declaration states “I hereby claim foreign priority benefits under 35 USC §119(a-d) or §365(b) of any foreign applications ... listed below ...” However, the declaration goes onto state adjacent to the listed documents; “Yes, priority *not* claimed.” Therefore, the plain language states that no foreign priority is being claimed, but the specification states “This application claims priority to Indian provisional application 785/mum/02 filed December 2, 2002 ...” It is further noted that in the event that Applicant does wish to claim priority to these applications, the application numbers for two of these documents are missing.

The specification is objected to because the first paragraph of the specification states “This application claims priority to Indian provisional application 785/mum/02 filed December 2, 2002 ...” and two other documents with missing application numbers. Furthermore, this statement is not in agreement with the declaration, which states that priority is *not* claimed.

The discrepancy between the oath and the specification must be resolved along with appropriate correction, to the specification and/or the oath.

Art Unit: 1623

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Acknowledgment is made of Applicant's (possible) claim for foreign priority based on an application filed in India on December 2, 2002, although, as noted above, there is some confusion about this claim. It is noted, however, that Applicant has not filed a certified copy of the Indian application as required by 35 U.S.C. 119(b).

Allowable Subject Matter

Claims 1-38 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

The claims are drawn to an aqueous composition comprising ifosfamide and 2-hydroxypropyl- β -cyclodextrin (2-HP β CD) and a method of preparation of said composition. Tait et al (WO 02/02125) teaches an aqueous composition comprising ifosfamide stabilized by a polyol, such as propylene glycol. See abstract and examples. The reference further suggests the addition of underivatized CDs and their ethoxylated derivatives to adjust tonicity. See page 8, at lines 20-24. One of ordinary skill would not be motivated to look beyond the suggested CDs and prepare such a composition comprising 2-HP β CD.
